

EXHIBIT A

Immunoblot analysis of affinity purified α -Colon Specific Protein Antibody

Gel:	4-12% NuPAGE
------	--------------

GelCode Blue Stain Reagent
stained gel:

Immunoblot #1:

Immunoblot #2:

Well#	Sample
1	Molecular Weight standards (kDa): 188, 62, 49, 38, 28, 18, 14, 6, and 3.
2	Purified Colon Specific Protein
3	Purified Negative Control Protein

Immunoblot #1:

Primary AB: Affinity Purified Anti-Colon Specific Protein rabbit polyclonal antibody.

Secondary AB: Alkaline-Phosphatase Conjugated α - Rabbit IgG 1:5000.

Immunoblot #2:

Primary AB:

Strip #1 - 1x Anti-Colon Specific Protein rabbit polyclonal antibody.

Strip #2 - 0.1x Anti-Colon Specific Protein rabbit polyclonal antibody.

Strip #3 - 0.01x Anti-Colon Specific Protein rabbit polyclonal antibody.

Strip #4 - 0.001x Anti-Colon Specific Protein rabbit polyclonal antibody.

Strip #5 - 0.0001x Anti-Colon Specific Protein rabbit polyclonal antibody.

Strip #6 - 0.00001x Anti-Colon Specific Protein rabbit polyclonal antibody.

Secondary AB:

Alk.-Phosph. Conjugated α - Rabbit IgG 1:5000.
